

**Table 6: Wastewater Generation Standards for the Indian Fertiliser Industry**

Category	Quantity of Water
Straight Nitrogen Fertilisers	5 m <sup>3</sup> /mt of Urea equivalent produced
Straight Phosphate Fertilisers excluding manufacture of any acid	0.5 m <sup>3</sup> /mt of SSP or TSP produced
Complex Fertilisers	Standard for either Nitrogen and Straight Phosphate Fertilisers are applicable depending on the primary nutrient

- SSP and TSP refer to Single Super Phosphate and Triple Super Phosphate, respectively.
-
